Montana Cap on Spending

Governor Schweitzer's fiscal targets for the 2007 Special Session Legislature are:

1. Cap on On-going Spending

Unless offset by additional revenue, general fund spending is limited to \$1.8 billion in FY 2009 for going into the next biennium, which must cover:

- Existing or new programs
- Tax reductions or credits (unless they are offset with additional revenue measures)
- Any other permanent general fund spending
- Includes all laws passed from 2007 regular session

2. Cap on One-Time-Only Spending

Limiting general fund one-time-only expenditures to no more than \$500 million. This does not include additional OTO money projected in FY 2007 which is estimated at approximately \$60 million. This limitation is applicable also to include all laws passed from 2007 regular session.

3. Safety Valve Protection

Trigger mechanisms to delay spending of one-time-only money if actual revenues fall unexpectedly below estimates

4. Pay Cash: No New General Obligation Debt

5. Fiscal Year 2009 Ending Fund Balance: \$100 million

6. Big Sky Savings Account: \$75 million

The Big Sky Savings account is the difference between the 2009 revenue estimate of \$1,875 million in total general fund revenues and the cap on on-going spending of \$1,800.

May 9, 2007

Honored Members of Montana's Sixtieth Legislative Assembly:

My 2008-2009 executive budget recommendations are submitted for your consideration for this special session.

The funding proposals contained herein reflect an effort to balance expenditures and investments that Montana urgently needs, tax cuts that we can sustain, and a budget that is viable should future revenue growth begin to slow.

There are differences between the budget as originally submitted for the regular 2007 session and what is proposed now. Some increases originally proposed in public safety are now smaller; increases to public education and property tax reductions are now larger. Some will applaud these changes, others will bemoan them.

Montanans have just experienced a very divided legislative session. Yet I believe in my heart that every legislator earnestly seeks the best interests of all Montanans. Disagreement is fundamental to a vibrant democracy, but in the end, I am certain that we will come together and get the people's business done.

My hope is that legislators and the public will find this Yellow Book useful as a reference tool. Our submitted legislation is briefly outlined and our general appropriations and long range investment budget items are listed.

I look forward to working with you during this 2007 special legislation session.

Sincerely,

BRIAN SCHWEITZER
Governor

OFFICE OF THE GOVERNOR
STATE OF MONTANA

BRIAN SCHWEITZER
GOVERNOR

JOHN BOHLINGER
LT. GOVERNOR

TO: Members of the Montana Senate
Members of the House of Representatives
Secretary of State Brad Johnson
Members of the Montana Supreme Court c/o Clerk of the Court Ed Smith

STATE OF MONTANA
OFFICE OF THE GOVERNOR
PROCLAMATION

CALL TO THE 60TH LEGISLATURE
FOR A SPECIAL SESSION

WHEREAS, pursuant to Article V, section 6 of the Constitution of the State of Montana and § 5-3-101, MCA, the Governor may convene the legislature in special session; and

WHEREAS, pursuant to Article VI, section 11 of the Constitution of the State of Montana, the Governor may convene the legislature whenever he considers it in the public interest; and

WHEREAS, pursuant to Article VI, section 9 of the Constitution and the laws of the State of Montana, as Governor, I submitted to the 60th Legislature, prior to the commencement of its regular session, a budget for the ensuing biennium setting forth in detail the proposed expenditures and estimated revenue of the State of Montana; and

WHEREAS, the budget I submitted to the 60th Legislature was balanced and sustainable, invested in Montana's priorities – including education, health care, jobs, clean and green energy, and public safety – provided permanent and one-time-only tax cuts for Montanans, ensured that out-of-state taxpayers paid their taxes, and provided savings to be used in the event of a "rainy day" in the future; and

WHEREAS, pursuant to Article V, section 11 of the Constitution of the State of Montana, the power to appropriate money for the operation of state government lies with the legislative branch of government; and

WHEREAS, pursuant to Article VIII, section 9 of the Constitution of the State of Montana, the legislature is responsible for enacting a balanced budget; and

WHEREAS, the budget enacted by the 59th Legislature for the operations of state government will expire at the end of this fiscal year, on June 30, 2007; and

WHEREAS, despite many accomplishments of the 60th Legislature, there remains the necessary and constitutional task of enacting a balanced budget for the biennium beginning July 1, 2007; and

WHEREAS, it is in the public interest that the Legislature immediately convene in special session so as to fulfill its constitutional obligation to enact a balanced budget for the biennium beginning July 1, 2007.

NOW, THEREFORE, I, BRIAN SCHWEITZER, GOVERNOR OF THE STATE OF MONTANA, pursuant to the authority vested in me by the Constitution and laws of the State of Montana, do hereby convene the 60th Legislature in special session, in Helena, at the Capitol, at the hour of 8:00 a.m., the 10th day of May, 2007, and hereby limit the special session to consideration of the following subjects:

1. A general appropriation bill for the ordinary expenses of the legislative, executive, and judicial branches of government and for public schools for the biennium ending June 30, 2009; and
2. A bill appropriating money for capital projects and information technology capital projects, including measures necessary to implement the appropriation; and
3. Legislation that provides funding for public elementary and secondary schools, authorizes optional full-time kindergarten, establishes a quality educator loan forgiveness program, and revises the Governor's postsecondary scholarship program; and
4. Tax legislation that provides both permanent and one-time-only tax reductions and rebates for Montanans, improves tax compliance, and expands the business equipment property tax exemption; and
5. Property tax incentives for new investment in the conversion, transport, manufacturing related to, and research and development of renewable energy, new technology energy, and clean coal energy; and
6. Creation of an education trust fund to be funded through revenue raised by revisions to the tax treatment of income and dividends of real estate investment trusts; and
7. Any appropriations necessary for the operation of the special legislative session.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Great Seal of the State of Montana to be affixed. DONE at the City of Helena, the Capitol, this 7th day of May, in the year of our Lord, two thousand and seven.

Proposed Legislation

General Appropriations Act

Long-Range Building

K-12 Public Education

Tax Compliance, Cuts, and Rebates

Real Estate Investment Trust (REIT) and School Reimbursements

Jobs and Energy Development

Feed Bill (if necessary)

General Appropriations Act

The general appropriations act has been modified from the budget bills passed from the Senate back to the House (HB 809, HB 818, HB 819, and HB 820) in the following ways:

- Expenditures marked OTO that were truly ongoing in nature were changed to be ongoing.
- There was a \$2 million biennial appropriation that was only shown in FY 2008 and it was split between the years.
- \$19 million in FY 2008 and \$27 million in FY 2009 of increases in general fund ongoing expenditures were reduced from the budget.
- Additional expenditures for property tax reductions through school funding and expenditures associated with proposed legislation were included in the bill.

Long-Range Building

Refer to Long-Range Planning on page 14.

K-12 Public Education

Education Plan

Governor Schweitzer's *education for life* platform represents the administration's strong commitment to public education and preparation for our future:

- ✓ An emphasis on school readiness,
- ✓ A strong elementary and high-school system for all children,
- ✓ Greater access and affordability of college.

K-12 Schools

- Provide ANB funding and start-up costs for optional full-time kindergarten
- Provide inflationary increase for basic and per ANB entitlements
- Provide inflationary increase for special education
- Increase per quality educator component and expand eligibility
- Establish Loan Assistance Program for critical quality educator shortages
- Create a School Facility Improvement Account to implement recommendation from Special law of 2005
- Provide for a junior high and middle school entitlement
- Increase per student funding and prohibit diversion of Indian Education for All monies
- Increase funds for gifted and talented students (OTO)
- Increase funds for Adult Basic Education
- Increase Guaranteed Tax Base Aid (GTB) to provide home-owner property tax relief
- Provide school unit payments for capital investment and deferred maintenance, based on available funding (OTO)
- Create an Education Trust and provide school unit payments from revenue generated by taxes paid on Real Estate Investment Trust (REIT) capital gains (up to \$15 million per year)

Office of Public Instruction:

- Create curriculum specialists
- Hire Indian Achievement Gap Analyst to improve graduation rate
- Provide Indian Education for All professional development
- Complete the Indian Education for All tribal history project, including the Little Shell Nation
- Enhance the K-12 Education Data System for students, teachers and coordinate with higher education

Higher Education

- Freeze tuition for Montana's university system students for two years (College Affordability Plan)
- Increase funding for the Governor's "Best and Brightest" Postsecondary to more students and streamline the process.
- Enhance data system for improved transferability and coordination with K-12
- Support workforce needs with curriculum development and equipment (OTO)
- Increase distance learning funds (OTO)

Tax Compliance, Cuts, and Rebates

- Provides a one-time \$400 rebate for every Montana homeowner who paid at least that much in property taxes on their primary residence for taxes they paid in calendar years 2004, 2005, and 2006 and was a resident of Montana during 2006. Eligible residents can apply to the Department of Revenue beginning September 1, 2007.
- Provides a renter tax credit equal to 3% of rent paid in 2007 and 2008 not to exceed \$120 per year.
- Provides a homeowner income tax credit for property taxes paid in 2007 that is dependent on the FY 2007 general fund revenues. General fund revenue received in FY 2007 in excess of \$1.802 million will be returned to homeowners through an income tax credit.
- Provides for an exclusion of the first \$65,000 exclusion of business equipment to be exempt from property tax beginning January 1, 2008. Lost revenue to local governments is reimbursed through the entitlement share program and schools are reimbursed through an increase in the guaranteed tax base aid (GTB) payments.
- Raises revenue primarily from non residents through compliance measures that:
 - ✓ Outlaws abusive tax shelters and provides for a short voluntary compliance period for any current violations,
 - ✓ Provides a system of withholding and reporting on the sale of real estate by non-residents,
 - ✓ Extends the statute of limitations for corporate income tax from three to five years,
 - ✓ Provides for better exchange of information between state agencies including the Secretary of State to identify those who have a tax responsibility, but are not filing, and

- ✓ Provides for withholding on lump sum retirement distributions consistent with federal withholding.
- Provides property tax reductions for cellular phone companies that provide service exclusively to rural communities.
- Provides appropriations for the implementation of the homeowner rebate and business equipment tax exemption.

Real Estate Investment Trust (REIT) and Education Trust Bill

This bill establishes an education trust and changes the tax treatment of REITs so that capital gains are taxable for corporate income tax purposes. Proceeds from the tax are dedicated to a new education trust. With this bill Montana will receive tax income from a REIT when land or other capital assets are sold. And a tax credit is allowed in lieu of a tax payment for lands donated to the state subject to the approval of the State Land Board. This bill establishes REITs on par with all other taxpayers who pay taxes on gains from the sale of property located in Montana. The education trust will distribute up to \$15 million per year to schools through school unit payments; revenue received above \$15 million a year will be retained in the education trust.

Jobs and Energy Development

- Provides property tax incentives for new investments in certain types of renewable new technology and clean coal energy projects. The energy projects eligible for reduced property tax rates include electric transmission lines; electric generation using clean coal and integrated gasification combined cycle facilities; renewable energy manufacturing; and biodiesel, biogas, ethanol facilities, and geothermal facilities
- Provides that the energy projects which qualify for a property tax abatement are assessed at 50% of their taxable value for the qualifying period. The qualifying period includes the construction period and the first 10 years after the facility commences operation. The qualifying period cannot exceed 14 years.
- Provides that all energy projects will be certified by the Department of Environmental Quality (DEQ). Upon certification the DEQ will notify the Department of Revenue that the energy project has been certified and can qualify for the property tax incentive.
- Adds to class 14 property bio and ethanol production facilities; gasification facilities; natural gas combined cycle facilities; certain electric transmission lines, and geothermal facilities. Class 14 property is taxed at 3% of its market value.
- Creates a new class of property, class 15, for carbon dioxide pipelines; liquid pipelines; carbon sequestration equipment; equipment used in closed-loop enhanced oil recovery; and bio products pipelines. Class 15 property is taxed at 3% of its market value.
- Provides for an exemption for land adjacent to transmission lines. For tax years beginning after December 31, 2007, there is allowed an exemption from property taxes for land that is within 660 feet on either side of the of a transmission line right-of-way or easement.

Changes from HB-830 approved by the Senate (**see bolded projects within the list**):

- 1 The "MT Univ System Deferred Maintenance & Acquisition, MSU-AES Statewide" appropriation of \$400,000 is deleted in its entirety. The necessary improvements that were to be funded through that project may be funded through the "Research Centers and Farms" appropriation (see note 5, below).
- 2 The "Historic Preservation and Supporting Improvements, Virginia & Nevada Cities" appropriation is reduced in line with amendment approved in Free Conference Committee on April 27, 2007. The reduction was from \$3.0 million to \$2.0 million.
- 3 The "Enterprise System Services Centers" appropriation is increased by \$5.0 million in LRBP funds over the amount in the Senate version of HB-830.
- 4 The "Access Montana" appropriation was restored to the original amount proposed in the Executive Budget.
- 5 The "MT Agricultural Extension Services, Research Centers and Farms" consisted of 10 various appropriations that were added in the transition of the LRBP from HB-5 to HB-830. For HB-3 the Executive has combined these amounts, added \$400,000 that was contained in the Executive Budget (see note 1, above), and reduced the total amount by one half.
- 6 The "MT Univ System College of Technology Long-Range Planning & Infrastructure" appropriation is deleted in its entirety.
- 7 The "Cottage Improvements, Montana School for the Deaf & Blind, Great Falls" spending authorization is added. This will allow MSDB to pursue grant opportunities with a private foundations that have recently arisen.

Changes from HB 830 approved by Senate (See bolded project within list):						
<p>1 The Network Upgrades project has been restored to the original funding request in HB14, \$7,823,000. This request is comprised of capital costs (equipment and software) as well as specific operating costs (communication lines and contracted services).</p> <p>Additionally, restrictive language is included for the Network Upgrade prohibiting use of these funds to acquire, operate or maintain unused fiber-optic facilities in competition with the private sector. The project must be performed by contracted services pursuant to Title 18, Chapter 4.</p>						

Revenue and Sustainability

Long-Term General Fund Revenue Growth

The long-term general fund revenue growth trend is about 4.64%. But within this long-term growth trend are large fluctuations; some years with very high growth and some years with revenue decline. Historically, Montana has seen eight-year cycles that feature revenue increases for seven years – with the more rapid growth in the fifth, sixth and seventh years – capped with a revenue drop in the eighth year. This trend is shown in Graph 1.

- From FY 1991 to FY 1993, the state had rapid growth and then revenue declined 6.42 % in FY 1994 and grew slowly for a number of years.
- From FY 1999 to FY 2001, high growth rates were followed by a 4.35 % drop in FY02 and a slow rebound in FY 2003.
- General fund revenue grew by more than 10% for FY 2004, FY 2005, and FY 2006. So far, FY 2007 revenue appears to be continuing that trend.
- However, history indicates the general fund cannot continue to grow at the FY 2004 through FY 2006 pace.

Graph 1 shows the general fund revenue estimates through FY 2009 continuing to grow under the current economic conditions.

Table 1 compares the actual and forecasted unaudited general fund revenue for 24 years, from FY 1988 through FY 2011. The FY 2007 to FY 2009 revenue estimate, based on today's economic conditions, is \$403 million above the historical long-term growth rate.

The FY 2006 ending general fund balance with prior year adjustments is \$414 million. If \$100 million is considered an acceptable balance, the state had \$314 million already available for one-time expenditures. Adding this extra FY 2006 general fund balance to revenue expected in the following three fiscal years, the 2007 Legislature has \$717 million in excess of the ongoing revenue trend.

Table 1 General Fund (GF) Long-Term Revenue Growth (Millions)

FY 07 - FY 09 Revenue Est. over Trend					= \$403
FY 2006 Fund Balance above \$100 Million					= \$314
Total General Fund Avail over Long-TermTrend					= \$717

These funds will be available only if the current economic factors continue and if any revenue growth adjustment follows historic trends. The revenue correction usually occurs in the eighth year; but if it happens earlier, the \$717 million excess revenue will not be realized and the overall projections will decrease.
